This guide will walk you through 10 steps to purchasing your first home.

10 Steps to Home Ownership

FOR FIRST TIME HOMEBUYERS

1. MAKE THE DECISION TO BUY

ASK YOURSELF THESE QUESTIONS TO HELP DETERMINE IF HOMEOWNERSHIP IS THE WAY TO GO:

- Have I saved enough money in the bank?
- Do I have enough income to cover my living expenses?
- Have I held a steady job over the last few years?
- Do I anticipate having a solid stream of income in the foreseeable future?
- Do I pay my current bills on time?
- Do I have any debt?
- What is my credit score?
- Do I have any blemishes on my credit report?

Answering these questions will help you better understand what is necessary to have and be ready to make the decision to purchase a home. If MOST of the answers to the first five questions are YES, you are on the right path to becoming a homeowner!

4. SELECT A LENDER & GET PRE- APPROVED

SELECT A LENDER & GET PRE-APPROVED

WHAT IS A PRE - APPROVAL LETTER?

A Pre-Approval letter is evidence of how much a borrower can afford to borrow from a lender for a mortgage. The lender will ask you, the borrower, financial questions, including but not limited to, your social security number, debt dues, credit worthiness and income, to determine how much you can borrow. The lender will run your credit score to determine credit worthiness.

The purpose of this letter is to find how much you can afford at the current interest rates, which will determine which price point you should focus on.

Once you've found a home to purchase, you'll accompany your offer on the home with a copy of your pre approval letter and submit to the seller.

5. BEGIN HOME SHOPPING

Now that you are working one-on-one with your Realtor, and have your pre approval letter in your hands, it's time to start house hunting!

Work with your real estate agent to schedule private showings with Sellers and Home Builders.

Your Real Estate Agent will set you up with an email search list of homes that meets your desired criteria.

Select your top 5-7 homes for the first day of property tours. This may include visiting new home communities, also.

6. MAKE AN OFFER

Ask your real estate professional for a market analysis of the home. Review the comparable sales in the neighborhood to determine what fair market value is of the offer amount and base your offer on this.

Work with your real estate professional on contract specifics i.e. escrow amount, inspection periods, settlement company, etc.

Review the property disclosures provided by the Seller.

Include a letter stating why you want to buy this home, for a personal touch.

7. NEGOTIATE THE OFFER

Your agent will negotiate the offer on your behalf. Negotiations may go back and forth between buyer and seller 2-4 times, on average. This depends on how far apart your offer is from the seller's list price.

Ask your agent what the negotiation process is?

How long do the seller's have to respond to your offer or accept your terms?

How long do you have to respond to their counter offer or accept the terms?

8. SIGN THE ACCEPTED OFFER

Once you've negotiated through the contract and you and the seller have agreed to all of the terms, bind the offer by signing electronically (more efficient) or on paper and begin fulfilling the next steps of the contract.

9. CLEAR THE CONTINGENCIES

- Inspections
- Appraisal
- Loan commitment and approval

10.

IT'S CLOSING DAY!

This is the day when you'll receive a new set of keys that belong to YOUR NEW HOME!

You'll set up a date and time to meet with the Closing Agent to sign all of your closing documentation.

Once you sign on the dotted lines, the documents will be reviewed and approved, the sale will be funded and you'll take possession of the keys!
